Cobb County Public Schools

Catherine Mallanda, Ph. D., *Principal*

Dear Student and Parent,

At Walton High School, students who take an Advanced Placement course must take the exam in order to earn Advanced Placement Credit on their transcript as well as the corresponding 1.0 quality point in the grade point average. When a student chooses not to take the corresponding exam, the credit will be changed to "honors" level with only a 0.5 quality point. This policy does extend to courses taken through an online provider. As you have registered for an online Advanced Placement course, we wanted to make you aware of your commitment to take the exam in order to earn this credit.

Please sign below to acknowledge your understanding of the policy.

Sincerely,

Catherine Mallanda  
Principal
